TREASURE HUNT

During this period in which the coronavirus pandemic has forced us all into lockdown, life has come to a standstill and the city is no longer as vibrant as it used to be.

But sometimes it's good to stand still for a moment. Many of Kriebel's friends in the city have done exactly that, and that's great news for Kriebel as he can now visit them whenever he likes. Join Kriebel on his journey and meet all of his friends! You also stand a chance of winning fun prizes.

What must you do?

Follow the route and answer the questions (in Dutch). Write the letters down in the correct square. Together, these letters form a super hint!

Found the superhint?

you'll discover who Kriebel has gone to visit and - stand still and say Kriebel! - you can take a fun photo with him! The five best submissions will receive a fun Kriebel package with a cool book, a cute soft toy, and much more!

ROUTE

Tip : During the route, you'll sometimes see the little footprints that Kriebel has left behind!

Starting point: Vrijthof square, Maastricht.

1 Kriebel started his journey on Vrijthof square. He just loves music! There is always a band playing music on Vrijthof square, but these musicians don't make any music. Why not?

2 Kriebel loves riddles. Can you figure out which shadow is the shadow of the church on this square?

Place the letter of the correct answer in square 11 of the super hint.

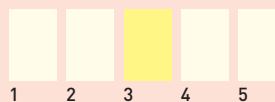

3 Unfortunately, it's been very quiet at the theatre lately. Time to change that! Get moving and perform your best act on the 'stage' in front of the entrance. In the name 'Theater aan het Vrijthof' there is only one letter that appears twice. Which letter is that?

Place this letter of the correct answer in square 12 of the super hint.

>> Continue to Grote Staat and stop at the second shop on the right in front of Vijfharingsstraatje

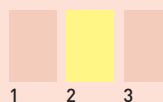

4 Some of Kriebel's friends are serious about keeping 1.5 metres distance and have taken a seat a little higher up just to be sure. Take a look up along the walls of the buildings. What you see are called plaques. Kriebel always says 'hello' to the image on the plaque at number 21.

What is the golden thing that you see on this plaque?

Write the letter in the yellow square in square 8 of the super hint!

>> Go and stand on top of the staircase and look in the direction of the Bijenkorf shop. Look for a passageway with arches. That is where you need to go next! Walk through all of the arches. Note that you are making a left turn!
